

**Title:** Express Watersports

**Category:** Kayak Rentals,Boats,Scuba Diving,Stand Up Paddle Boards,Tours,Waverunners

**Description:** Express Watersports offers a wide variety of Myrtle Beach waterports, such as scuba diving, parasailing, banana boat rides, kayak & paddle board rentals, ocean sightseeing dolphin watch tours, catered sunset cruises, and jet ski rentals. All of this located just a short drive from the "heart" of Myrtle Beach in Murrells Inlet, South Carolina. Our retail store sits on over 3,500 sq. ft. of space packed with things divers and non-divers alike can enjoy. Our friendly and knowledgeable staff will help you gear up for your next outdoor adventure. The South Carolina coast is a place you can scuba dive along our coastal shores. Or you can fly high in the sky while parasailing! Express Watersports has something fun for the whole family to enjoy! MYRTLE BEACH WATERSPORTS We have had many people ask us about our Myrtle Beach waterports: what makes you different than all the other watersports places? The answer is simple: we are a Watersports Resort Center! Our location allows us to offer free parking, showers, restrooms, changing rooms & seating areas for all of our customers. We are located in the heart of Murrells Inlet, directly across the street from the famous Murrells Inlet Marshwalk and restaurant road! Our customers can have fun on the water & have access to food and drinks! If you find yourself waiting on your group to come back to shore from their watersport adventure. You'll be sure to find a cold drink and tasty snack, along with gorgeous views from the Murrells Inlet Marshwalk. Customers can also enjoy the comfort and ease of departing from and returning to our own private dock for all activities! Express Watersports offers an impressive boat fleet, docked conveniently behind Drunken Jack's Restaurant. Our Boats are USCG Inspected Vessels! This ensures that the USCG comes before every season and gives all our vessels and crew a thorough safety exam. Many other companies in the area don't have Certified and Inspected vessels and crew! All of our Crew is CPR certified and AED trained. All of the boat Crews are enrolled in a USCG mandatory drug and alcohol testing program. Our Newton 46" and Ocean Pro 31" boats are considered the best built passenger boats in the industry, ensuring a smooth and trusted adventure every time!
