**Description:** We offer jet ski, kayak, stand-up paddleboard and waverunner rentals on the Nags Head/Manteo Causeway at North Carolina's Outer Banks. Are you visiting the Outer Banks and want to enjoy some exhilarating fun on the water? Then you've come to the right place! Nags Head Watersports offers a large selection of the most popular watersport equipment in North Carolina. Whether it's your first time gliding across the water on a stand-up paddleboard. Or if you are exploring our estuaries in a sturdy quiet kayak, or a zipping around Roanoke Sound on a speedy jet ski. Then Nags Head Watersports has something for the entire family. Parasail For a real adrenalin family adventure it is hard to top two or three person parasailing (also called parascending or parakiting). You will be towed behind our boat suspended from our custom designed canopy wing and see unimaginable fantastic views of the Outer Banks. Pontoon Boats You can become Captain Dad (or Mom) when you rent one of our pontoon boats for the ultimate safe and relaxing Roanoke Sound family or group cruise. Enjoy a serene Soundside voyage and view the marine and bird life or pull up to quiet spot and take a quick dip to cool off. Jet Ski Rentals Whether you call it jet skiing or wave riding these PWC (personal water craft) are small one, two, and three person water vehicles that are fast, maneuverable and easy to handle. These are the perfect vehicles for an exciting Outer Banks watersport adventure. Stand-up Paddleboard Paddleboarding has been in existence in Polynesia for hundreds of years and the stand-up version is receiving a resurgence in popularity within the continental US. Our custom stable boards and matching paddles will provide exercise and mobility for hours on the water. Kayak Our recreational kayaks are a small narrow one or two person boat with a double paddle for rapid movement on the water. The person can use them for fishing, photography or just a peaceful paddle on the Sound.
